Portfolio: resume   **GitHub:** github.com/alsheikhaminulislam

Career Summary:

- *Dynamic Full-Stack Developer with 06+ years of experience in web, mobile, & desktop apps development.*
- *Proficient in the MERN, Next, PHP, Python, Java, Flutter, excelling in creating scalable, secure, and user-centric applications that drive business efficiency. .*
- *Completed 50+ projects, integrating cutting-edge technologies like WebRTC while maintaining high standards of quality and client satisfaction.*
- *Expertise includes API design and integration, project management, and cross-platform development, with a strong focus on delivering tailored solutions.*
- *Robust coding background and experience in cloud services (Google Cloud, AWS) contribute to a commitment to innovation and fostering long-term client relationships.*

Objective:

- To work as a **Full-Stack Developer,** utilizing expertise in full-stack development and focusing on scalable, secure solutions.

Key Proficiencies:

- Full-Stack Development
- Mobile App Development
- Desktop Application Development
- API Design & Integration
- Database Management
- Cross-Platform Development
- Security Protocols

Academic Qualification:

- Version Control & Collaboration
- Client-Centric Development
- Real-Time Communication
- Project Management
- Cloud Services & CI/CD
- Emotional Intelligence
- Leadership

Date of Birth: 27th December 2007

- HSC in Science from Amin Model Town High School with a GPA 4.08 out of 5 in 2024.
- SSC in Science from Amin Model Town High School with a GPA 4.67 out of 5 in 2021.

Training:

- Google Digital Garage Certification organized by Google, Issued in 2022 (Credential ID BPK X8P NV3)

Freelance Experience:

Full-Stack Developer (Jan'18 to Sep'24)

- **Web Development:** Developed web applications using the MERN & PHP focusing on user experience.
- **Mobile Apps Development:** Built Android apps using Java, Flutter & Firebase, ensuring performance.
- **Desktop Apps Development:** Created custom Windows apps with Electron js , C++, and Python for business.
- **API Development:** Designed and integrated APIs for platforms such as Discord, Twitch, and Telegram.
- **Database Management:** Managed MySQL and MongoDB databases for performance and security.
- **Full-Stack Development:** Led both front-end (React, NEXT.js) and back-end (Node.js, PHP) processes.
- **Client Collaboration:** Worked closely with clients to define requirements and deliver tailored solutions.
- **Security Implementation:** Applied authentication protocols and CAPTCHA to enhance security.
- **Front-End Development:** Used Tailwind CSS to build responsive, user-friendly interfaces.
- **Quality Assurance:** Conducted testing and debugging to ensure functionality.
- **Cross-Platform Development:** Developed consistent solutions: web, mobile, & desktop platforms.
- **Project Management:** Delivered projects on time and within budget, maintaining high standards.

Achievements:

- **API Platform Launch:** Developed a custom API platform that supports businesses and services.
- **LMS Application Development:** Created a Learning Management System (LMS) desktop application.
- **Transition to Full-Stack Development:** Moved from WordPress to MERN stack, delivering web apps.
- **Android App Success:** Developed Android applications, impacting over 10,000 users.
- **Project Milestones:** Completed **50+ projects** across web, mobile, and desktop platforms.
- **Extensive Coding Experience:** Accumulated **over 2,000 hours** of coding in various languages.
- **Real-Time Features:** Integrated WebRTC for live video, audio & data channel streaming in applications.
- **Scalable API Solutions:** Built scalable APIs for businesses, enhancing operational efficiency.
- **Business Growth:** Delivered software solutions that contributed to business growth and success.
- **Full-Stack Expertise:** Transitioned to full-stack development, mastering React, Node.js, and MongoDB.
- **Startup Collaboration:** Assisted startups in defining strategies and developing effective solutions.

Skills:

- **Language:** Typescript, Javascript, C/C++,C#, Python, Dart, Java, PHP
- **BackEnd:** NodeJs, ExpressJS, WebSocket, Socket, Flask, PHP, Firebase
- **Frontend:** Tailwind CSS, ReactJs, NEXT.js, WebRTC
- **Mobile Apps:** Firebase, Java (Android), Flutter (Android)
- **Databases:** MySQL, SQLite, MongoDB
- **Tools:** Git, Chocolatey, Yolov5
- **CI/CD:** GOOGLE CLOUD, AWS, Bitbucket, Github
- **NGINX:** SSH, Bash, Heroku

Soft Skill: Teamwork, Convincing, Inspiring, Influencing, Negotiation, & Leadership skills

Language: Bengali, English.
